# Roche De Boeuf 2014

A sincere THANK YOU, to all for your help with another successful Roche de Boeuf Festival. We had great weather and lots of positive feedback from our vendors and festival goers.

We had a few hiccups, that we can work on for the next festival, but all in all everyone was happy with the festival.

A special thank you to Dave Boothe, Sam Ansara, Kenny Blair for ALL the time you spent working on this festival.

We appreciate the Waterville Police department and the Waterville Fire Dept. for all the efforts in helping us with the festival. Special thanks to the students at Penta for their help with the security at our festival.

Thank you to AW Hockey team and BG Ball Club for the wonderful job.

I would also like to thank our board of directors, without your support this festival could not have been a success, and a big thank you to Nancy Davidson for going door to door to deliver letters to businesses and residents about street closures and for helping up paint the streets. Thank you to Phyllis and Dave for helping with all you did as well.

Special thanks to Sherry and Lisa from the Silver Lining Gallery, what a nice Rue des Artistes area, you did a remarkable job in filling all booth spaces.

Thank you to Rose and Kathy for a great job at the Pioneer Arts Area, everything was terrific. Mark Harris, great job on getting the performers, Curtis Jr was awesome. I think they were wonderful to listen to as well as watch.

Thank you to the parade committee for the wonderful job in organizing the parade.

If I missed anyone, I apologize, as you can see, this festival would not be a great success without all the volunteers who put in so much time.

Sincerely,  
Corina Pflenaar
